

■ Pinta em cada comboio o número de carruagens indicado e completa.

$$6 + \underline{4} = \underline{10}$$

$$\underline{3} + \underline{7} = \underline{10}$$

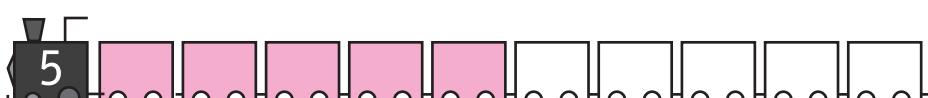

$$\underline{8} + \underline{2} = \underline{10}$$

$$\underline{1} + \underline{9} = \underline{10}$$

$$\underline{4} + \underline{6} = \underline{10}$$

$$\underline{5} + \underline{5} = \underline{10}$$

$$\underline{2} + \underline{8} = \underline{10}$$

$$\underline{10} + \underline{0} = \underline{10}$$

$$\underline{9} + \underline{1} = \underline{10}$$

$$\underline{7} + \underline{3} = \underline{10}$$

Objectivo: Decompor números (até 10) em somas (parcelas).
